

NAME

leaftoppm - convert Interleaf image format to a portable anymap

SYNOPSIS

leaftoppm [*leaffile*]

DESCRIPTION

Reads a portable pixmap (PPM file) as input. Generates an Interleaf image file as output.

Interleaf is a now-defunct (actually purchased ca. 2000 by BroadVision) technical publishing software company.

SEE ALSO

ppm(5)

AUTHOR

The program is copyright (C) 1994 by Bill O'Donnell.
