

**NAME**

tor-print-ed-signing-cert – print expiration date of ed25519 signing certificate

**SYNOPSIS**

**tor-print-ed-signing-cert** <path to ed25519\_signing\_cert file>

**DESCRIPTION**

**tor-print-ed-signing-cert** is utility program for Tor relay operators to check expiration date of ed25519 signing certificate.

Expiration date is printed in three formats:

- Human-readable timestamp, localized to current timezone.
- RFC 1123 timestamp (at GMT timezone).
- Unix time value.
