NAME
cd-fix-profile − Color Manager Testing Tool

SYNOPSIS
cd−fix−profile [**−−verbose**]

DESCRIPTION
This manual page documents briefly the **cd−fix−profile** command.

cd−fix−profile allows an administrator to modify and fix ICC profiles on their system.

The program will also repair common errors found in profiles.

OPTIONS
This program follows the usual GNU command line syntax, with long options starting with two dashes ('−'). A summary of options is included below.

−−help
Show summary of options.

−−description
Sets the profile description.

−−copyright
Sets the profile copyright.

−−model
Sets the profile model.

−−manufacturer
Sets the profile manufacturer.
