NAME

　　　　ts_finddev – Discover touch screen devices.

SYNOPSIS

　　　　ts_finddev *device wait_seconds*

DESCRIPTION

　　　　ts_finddev tests whether the device given as parameter is a touch screen device. Touch the screen after invoking ts_finddev.

　　　　Return value is 0 if the given timeout *wait_seconds* expired without an input event, −1 if *device* is no touch screen device and 1 if it is.
